

BROKEN PROMISES

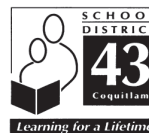

Coquitlam school support workers deserve better.

In September, School District 43 reported a \$13 million surplus. Yet they're cutting post-retirement health benefits for workers who retire after 2017. Dedicated workers who support children in our schools should be able to count on health benefits when they'll need them most.

Please join us at the regular SD #43 meeting on
Tuesday, November 28 at 7 pm
 at the District office in Coquitlam (550 Poirier Street)

Here's what you can do to help Coquitlam education support workers:

Call or email SD #43 Trustees and tell them to reverse the post-retirement health benefit cuts.
