

CORONAVIRUS DISEASE (COVID-19)

WHILE OUTSIDE OF CANADA, YOU MAY HAVE COME IN CONTACT WITH THE VIRUS THAT CAUSES COVID-19

For the next **14 days**:

self-isolate
(stay home and keep your distance from others)

do not have visitors, especially older adults or those with medical conditions, who are at a higher risk of developing serious illness

monitor your health for **fever (greater or equal to 38°C), cough and difficulty breathing**

wash your hands often with soap and warm water for 20 seconds, or use an alcohol-based hand sanitizer if soap and water are not available

cover your mouth and nose with your arm when coughing or sneezing

MONITOR YOUR HEALTH

FEVER

COUGH

DIFFICULTY BREATHING

IF YOU START HAVING SYMPTOMS OF COVID-19

Separate yourself from others as soon as you have a symptom of COVID-19.

Visit the provincial or territorial public health website where you are located for more information, including when to contact your public health authority.

PREVENTION

wash your hands

avoid touching your face

avoid contact with sick people

cover your mouth

stay home

clean and disinfect surfaces regularly
