RESOLUTION 5

Post-Retirement Health Care Benefits

Whereas many retired seniors rely on their post-retirement health care benefits to maintain their health and well-being; and

Whereas post-retirement health care benefits are under attack by governments and employers; and

Whereas the elimination or reduction of post-retirement health care benefits adversely affects retired workers and puts more pressure on our public health care system,

Therefore be it resolved that the BC Federation of Retired Union Members work with the BC Federation of Labour, its affiliates and the Canadian Labour Congress to support Unions that are working to maintain and expand post-retirement health care benefits for current and future retirees.
