On **Wednesday, June 20th**, I will be meeting with the BC Federation of Labour and attending their Regional Conference. I would like to take this opportunity to meet with BC FORUM members in the North Vancouver Island region and introduce you to regional representatives in your area. As well, we will have in attendance a representative from our BC FORUM Benefit plans Crystal McBride.

We hope you will come out to meet with myself and your BC FORUM representatives and our benefit administrator from WE Consulting and Benefits. We all look forward to seeing you. Please feel free to bring a sister or brother who is not a member of BC FORUM but is interested in hearing more about us! If you are 50 or better, working or retired and are or have been a member of a BC Federation of Labour affiliated union, you can join the BC Federation of Retired Union Members (BC FORUM).

In solidarity

President
